

Holiday Home assignment

Dear Students,

KSR Akshara wishes **Hygienic Holidays** to you all. **Akshara's Admission** is going on for the **grades Kg to XI**. Kindly share your friends, neighbours and relatives to join with our best team.

- ❖ **Summer Vacation** is probably the happiest period in a student's life. The purpose of giving the summer vacation is multifold.
- ❖ It is a time to get relaxation after a sequence of regular classes, assignments and assessments but ensure that you have a routine to follow.
- ❖ Every day reading news paper, English Story books or magazine is mandatory. Learn 5 new words per day and write it in a separate note book with its meaning.
- ❖ Ensure to support your mother in cooking and take up the small house hold responsibilities like cleaning, arranging etc. and do it with consistency.
- ❖ This is the quality time for you to spend with grandparents, parents and other relations, get to know and develop strong bondage with each other. Talk to them about the values they followed in their age and its importance.
- ❖ Have a proper healthy and balanced diet suitable to the season. Drink more water, tender coconut and fresh juice regularly.
- ❖ Wash your hands frequently with soap and water to be hygienic.
- ❖ Ensure that you do prayers everyday for you, your family, for the society and for the world.
- ❖ Learn new skills like solving Rubik Cube or any kind of Braingym activities to enhance you.
- ❖ Little more time to enhance their skills and be in touch with learning we have given the Holiday Assignments.
- ❖ Kindly ensure to **complete** all the given assignments during your vacation and submit it on the day of school reopening [**June 07, 2023**].

General Instructions

All the work should be hand-written.

Original drawings / illustrations and creative use of materials will be appreciated.

→ Present your work on A-4 size sheets with your name and class clearly written at the top.

- **The work will be evaluated for all the subjects on the following parameters.**

1. Idea and content
2. Presentation
3. Ability to answer the questions
4. Innovativeness.
5. Creativity.

- **Marks of this Holiday Assignment will be added to the forth coming PT – I Examination.**

It's time for reading

- Read the following pages and get parents sign:

I Can Read and Write (Level 4)	Pg. no. 16,19,19,32,36,53,62,68,72,74,86,89,92,102,105,107

1. Book Review:

Draw a picture of your favourite story book on an A3 sized sheet. Write a brief summary of the story (please write what happens in the beginning of the story, the middle and in the end). Also pick your favourite character from the story and say why you like this particular character.

Example: I like the character of the scarecrow from the story

"The Wizard of Oz" because he had a solution to almost every problem.

2. Magic Square Draw two 3 x 3 magic squares such that sum of each row, each column and each diagonal is

a) 15 b) 18

3. Solve me if you can:

- a) I am an even number between 50 and 60. My one's digit is the number of wheels in a car and tens place is the number of fingers in one hand. I am _____
- b) My thousands place is the number of sides a triangle has, my tens place is half of 10, my hundreds place is the number of corners a sphere has and one's place has face value 8. I am _____

4. Solve me if you can: Each puzzle contains the numbers.1-9. Each column and each row add up to the number given outside the boxes. Put the correct number in each box to complete the addition equations without repeating any numbers.

5. **Test the presence of water in different food items.** Take 50 g of each of rajma seeds, coriander leaves, cucumber, potato and watermelon slices in separate plates. Expose them to sunlight for 4 days and observe the changes in their size, shape, colour and texture. Identify and note on an A4 sheet, the various food items rich in water and also mention the food samples having less water.

6. "Nature's Art Gallery"

Objective : To observe and appreciate the beauty of nature through scientific observation and artistic expression.

Materials:

Notebook

Pencils and erasers

Colored pencils, crayons, or markers

Camera (optional)

Instructions:

- ❖ Go on a nature walk and observe the different plants, animals, and landscapes that you encounter. Take note of their colors, shapes, textures, and patterns. If you have a camera, you can also take pictures of the things that catch your eye.
- ❖ Choose at least three things that you found interesting or beautiful on your walk. It could be a flower, a leaf, a rock, a bird, a butterfly, or anything else that you liked.
- ❖ Use your notebook and pencil to make a scientific drawing of each of the things you chose. This means that you should draw them as accurately as possible, paying attention to their proportions, details, and colors. You can also add labels to show what each thing is called and any observations you made.
- ❖ After you have finished your scientific drawings, use your colored pencils, crayons, or markers to create a second version of each drawing, but this time you can add your own creative touches. You can use any colors you like, and you can also add patterns, designs, or other elements to make your drawings more artistic.

Happy
HOLIDAYS
